

Students & Graduates

become part of the next generation of engineering professionals

If you're looking to pursue a career in engineering, joining the Society of Operations Engineers can give you the support you need to get ahead.

As the leading membership organisation for engineering surveyors, road transport and plant engineers, SOE offers free student membership to help you stand out and advance your engineering career.

Membership of SOE offers:

- Access to career development and training
- Opportunities to connect with mentors
- Networking and the chance to meet and learn from engineering professionals
- Technical events and resources on the latest industry developments

**Free membership
for full time students
and apprentices.
Huge discounts for
graduates.**

**Get noticed and get ahead.
Join today and let SOE support you on your journey.**
